From the President's Desk

Dear Prospective Students,
Greetings from GLS University!!!!

GLS University's vision is "to be a global, renowned academic institution fostering excellence in technology, design, management, innovation, creativity, art, Law and entrepreneurship for better enhancement of business, government and society."

In keeping with this vision, since its inception in 1927, Gujarat Law Society the sponsoring body of GLS University has distinguished itself by its excellent academic programme's delivery, faculty acquaintance, Corporate Partners, Global Strategic Alliances, Visionary Leaders. Our 10,000+ alumni are making significant contributions across sectors and around the world and thousands of professionals who opted their education in our university.

While our faculties are not only outstanding scholars in their respective disciplines, but they have publications in leading international and national reputed journals, they are also inspiring teachers, impactful consultants, award-winning case writers, and renowned corporate and policy advisers.

We have built world class amenities and facilities for all the stakeholders of the University which provide an adequate environment for innovative learning experience and space for originality. GLS University always believes in modernizing their infrastructure as per the requirement of time in this cutting-edge ecosystem of education.

GLS University's all departments organize their flagship events focusing on academic,

curricular, co-curricular and personal grooming of the students' which facilitates the students to explore their knowledge and skills beyond the books.

GLS University's philosophy for education focuses on industry-oriented education which develops the students for the real world. We have ensured that the learning experiences of the students are exceptional while collaborating with renowned organizations like, Maruti Suzuki India Ltd, Tata Consultancy Services and many more and we have invited 500+ Industry experts to deliver their wisdom and knowledge to students.

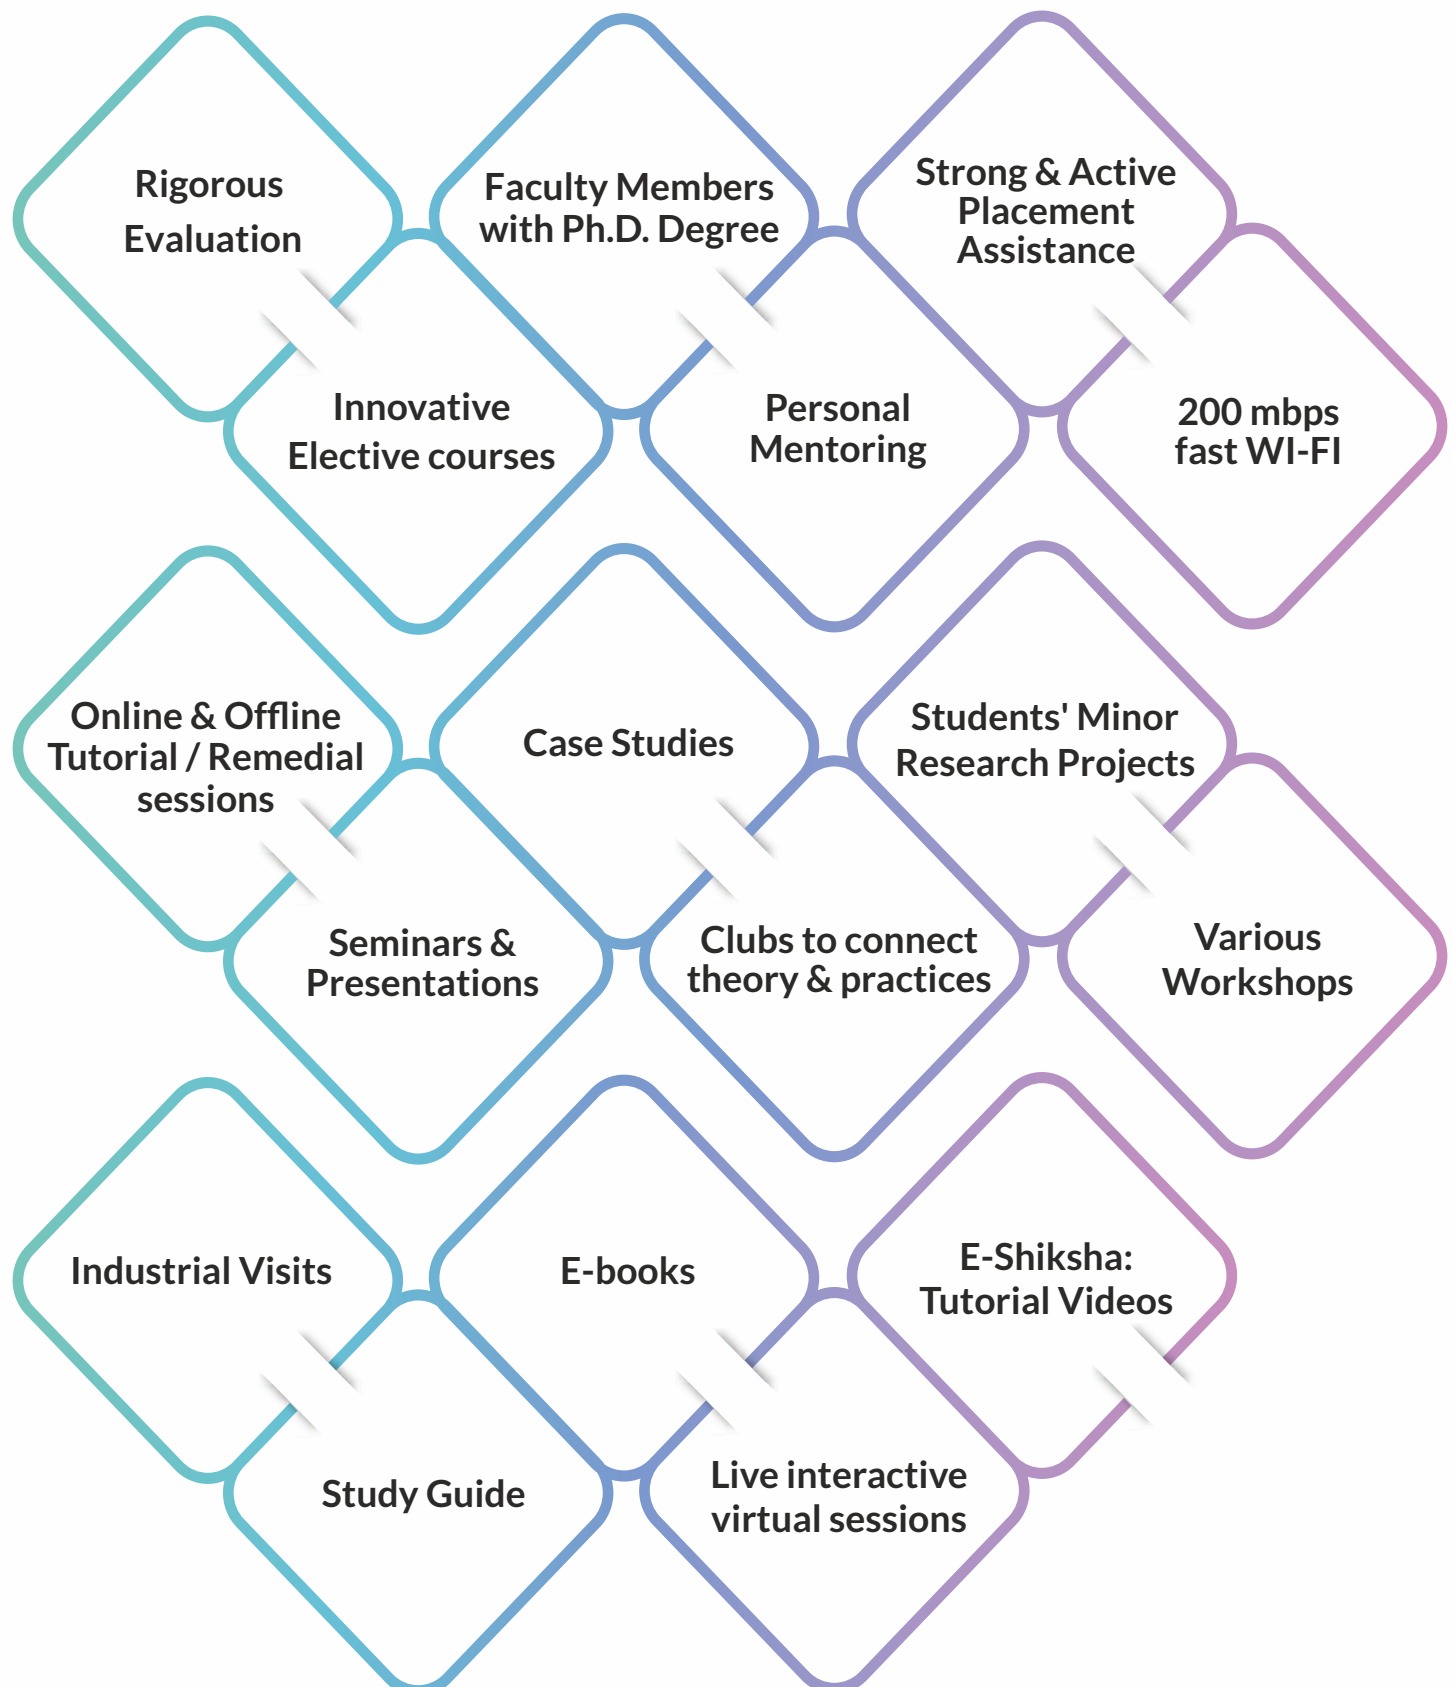

The purpose of education is often misunderstood. It should not be the means to becoming a big, rich person. It should be about social and economic development & about the student should also be taught moral values which are enriched with their social values. They should be cognizant of the rising need for environmental consciousness. Sustainability and minimalism are the way forward. Hence, our vision for education transformation would be a fine balance between machine learning and human values. A conscious effort to bridge the urban-rural divide by optimising technological advancements to reach every growing child is the driving force and motto of GLS University.

Our vision for the next few years will provide student's holistic environment in terms of infrastructure, faculty, learning & development environment, research orientation, innovation capability, and international outreach to the students which ensure their overall grooming and development enabling them to compete with national as well as international scenarios.

Sudhir Nanavati
President
